Apologies: Cllr Steve Goddard, Cllr Angela Goff,

1. Minutes from 8th June Steering Committee meeting were approved.

2. Matters arising.

RLW had several comments about CIL Report that was commissioned by the Neighbourhood Forum Alliance, including the need for definitions. The topic and report will benefit from a more in-depth discussion once the Regulation 14 consultation responses have been processed.

3. Regulation 14 Responses.

The Regulation 14 consultation responses together with Adam's comments were circulated before the meeting for the section owners to consider what changes should be made to the Draft Neighbourhood Plan.

The Steering Committee reviewed the consultation responses in detail and agreed the changes that need to be made to the Draft Plan. This has been captured in the analysis spreadsheet.

Section owners have the action to complete updates to the Draft Plan by **15th July**.
