This policy is not positively prepared, as it relies on an entirely incorrect assessment of the problems that will result from building on these areas of north Oxford. The increased traffic, congestion and pollution caused by building next to major roads has already been mentioned in the comments on PR4a. The residential areas proposed are on Green Belt land, and all the comments made previously about Policy PR3 apply. Building on the Green Belt is not sustainable. Development here will result in a high risk of harm to the Green Belt, according to the LUC Cherwell Green Belt Study (April 2017). To prevent the coalescence of Oxford and Kidlington these sites should not be developed. One of the purposes of the Green Belt is to prevent the coalescence of settlements. Development will harm the existing views of open countryside from Cutteslowe Park. If the North Oxford Golf Course is to be relocated it will take some years to develop a similar mature natural environment. In the meantime the proposed relocation will remove a recreational facility also valued for its contribution to biodiversity.

There are other possible sites that have not been given sufficient consideration. This plan is also not justified because it is likely to fail to provide for the unmet housing need. The proximity to the station makes it far more likely that unaffordable expensive homes will be built for the benefit of commuters to London.

The policy is not effective, as it is unlikely that development would result in a net biodiversity gain (as required under PR6a clause 11) because green belt land would be destroyed by development.

The policy is not consistent with national Policy, as it proposes to build on Green Belt, when NPPF outlaws the use of such land to meet unmet housing need when this is accurately determined.

This response is from the Steering Committee of the Wolvercote Neighbourhood Forum representing the known concerns of the residents of the Forum area (population mid 2013 - 6037) as expressed in responses to a questionnaire and at meetings and workshops.

7. If you wish to participate at the oral part of the Examination, please outline why you consider this to be necessary:

Wolvercote Neighbourhood Forum would wish to be represented at the examination because we represent a large number of local people who will be affected by any development in Cherwell near to the northern boundary of the city.
